

Introducing **RealPics** Archery Camouflage

Have you ever been bow hunting whitetail in camouflage that makes you look like a big, brown BLOB? Yeah, me too!

What's so special about RealPics Archery Camouflage?

Truly accurate imitation of the woodland environment

- Trees are true to size and color
- Sky is light in color to break up your outline!

Truly high-resolution/high-definition

- Better than "photo-realistic" – **it's an actual photo!**

Great shelf appeal

Large repeats –42"x 63" or 60"x 63" (RealTree is 25"x 36")

Designed specifically for **step & repeat printing**
